

Northwest Invasive Plant Council - 2018 Target Invasive Plant List

Common Name	Scientific Name (eflora link)	Invasiveness Class
Baby's-breath	<i>Gypsophila paniculata</i>	Invasive
Bishop's Goutweed	<i>Aegopodium podagraria</i>	Invasive
Black knapweed	<i>Centaurea nigra</i>	Extremely Invasive
Bladder campion	<i>Silene cucubalus</i>	Aggressive
Blueweed	<i>Echium vulgare</i>	Very Invasive
Bohemian knotweed	<i>Fallopia x bohemica</i>	Extremely Invasive
Brown knapweed	<i>Centaurea jacea</i>	Extremely Invasive
Bull thistle	<i>Cirsium vulgare</i>	Biocontrol Available-Invasive
Canada thistle	<i>Cirsium arvense</i>	Biocontrol Available-Very Invasive
Chicory	<i>Cichorium intybus</i>	Very Invasive
Common bugloss	<i>Anchusa officinalis</i>	Invasive
Common burdock	<i>Arctium minus</i>	Very Invasive
Common comfrey	<i>Symphytum officinale L.</i>	Invasive
Common tansy	<i>Tanacetum vulgare</i>	Extremely Invasive
Cypress spurge	<i>Euphorbia cyparissias</i>	Extremely Invasive
Dalmatian toadflax	<i>Linaria dalmatica</i>	Biocontrol Available-Very Invasive
Diffuse knapweed	<i>Centaurea diffusa</i>	Biocontrol Available-Very Invasive
English Holly	<i>Ilex aquifolium</i>	Very Invasive
English ivy	<i>Hedera helix</i>	Extremely Invasive
Field scabious	<i>Knautia arvensis</i>	Extremely Invasive
Giant Hogweed	<i>Heracleum mantegazzianum</i>	Extremely Invasive
Giant knotweed	<i>Fallopia sachalinensis</i>	Extremely Invasive
Gorse	<i>Ulex europaeus</i>	Extremely Invasive
Greater knapweed	<i>Centaurea scabiosa</i>	Extremely Invasive
Hawkweeds	<i>Hieracium spp.</i>	Extremely Invasive
Himalayan balsam	<i>Impatiens glandulifera</i>	Extremely Invasive
Himalayan blackberry	<i>Rubus discolor</i>	Extremely Invasive
Himalayan knotweed	<i>Persicaria wallichii</i>	Extremely Invasive
Hoary alyssum	<i>Berteroa incana</i>	Extremely Invasive
Japanese knotweed	<i>Fallopia japonica</i>	Extremely Invasive
Leafy spurge	<i>Euphorbia esula</i>	Extremely Invasive
Marsh plume thistle	<i>Cirsium palustre</i>	Extremely Invasive
Meadow goat's-beard	<i>Tragopogon pratensis</i>	Invasive
Meadow knapweed	<i>Centaurea debeauxii</i>	Biocontrol Available-Very Invasive
Mossy stone crop	<i>Sedum acre</i>	Very Invasive
Mountain bluet	<i>Centaurea montana</i>	Very Invasive
Nodding thistle	<i>Carduus nutans</i>	Bio-control Available
Oxeye daisy	<i>Chrysanthemum leucanthemum</i>	Very Invasive
Plumeless thistle	<i>Carduus acanthoides</i>	Very Invasive
Purple loosestrife	<i>Lythrum salicaria</i>	Bio-control Available
Russian knapweed	<i>Acroptilon repens</i>	Invasive
Russian thistle	<i>Salsola kali</i>	Invasive
Scentless chamomile	<i>Matricaria maritima</i>	Very Invasive
Scotch Broom	<i>Cytisus scoparius</i>	Extremely Invasive
Scotch thistle	<i>Onopordum acanthium</i>	Very Invasive
Spotted knapweed	<i>Centaurea stoebe</i>	Bio-control Available

Northwest Invasive Plant Council - 2018 Target Invasive Plant List

St John's-wort	<i>Hypericum perforatum</i>	Bio-control Available
Sulphur cinquefoil	<i>Potentilla recta</i>	Extremely Invasive
Tansy ragwort	<i>Senecio jacobaea</i>	Bio-control Available
Wild carrot	<i>Daucus carota</i>	Very Invasive
Wormwood/absinthium	<i>Artemisia absinthium</i>	Invasive
Yellow archangel	<i>Lamium galeobdolon</i>	Very Invasive
Yellow flag iris	<i>Iris pseudacorus</i>	Extremely Invasive
Yellow floating heart	<i>Nymphoides peltata</i>	Extremely Invasive
Yellow loosestrife	<i>Lysimachia vulgaris</i>	Very Invasive
Yellow toadflax	<i>Linaria vulgaris</i>	Bio-control Available
